About Jus Novum AU - Nationwide Law Fest, 2026

Jus Novum, meaning "New Law," is a national-level movement hosted by Moot Court Society, Apex School of Law, Apex University, Jaipur, proudly in collaboration with District Legal Services Authority, Jaipur (District). Scheduled for August–September 2026 in a hybrid format, this festival aspires to serve as a premier platform for nurturing India's most promising legal minds. It is founded on the belief that law extends beyond a profession—it is a powerful instrument for social transformation, justice, and the preservation of human dignity. Through this initiative, we aim to cultivate a generation of legally aware, ethically driven, and socially responsible individuals committed to advancing the rule of law and contributing meaningfully to society.

While traditional litigation is our foundation, the true "soul" of Jus Novum lies in Alternative Dispute Resolution (ADR) and Clinical Legal Skills. We believe that the future of justice—especially for the most vulnerable—resides in speed, empathy, and accessibility. Our flagship competitions are specifically curated to test these virtues:

- **Mediation:** Training students to be peacemakers who can navigate the emotional and legal complexities.
- **Client Counselling:** Developing the "Human Element" of law, where future advocates learn to provide a safe, informed space for Society.
- **Arbitration:** Preparing legal minds to handle high-stakes commercial and civil conflicts with the precision and neutrality required by modern statutes.

Through these competitions, we aim to cover every facet of Society—from the historical evolution of personal laws to the modern-day nuances of property rights, digital safety, and constitutional safeguards. We don't just focus on a few acts; we explore the entire statutory landscape.

*Moreover, we'll be having **8 more competitions** that will be dedicated towards shaping mindset of the participants and educating them about the laws and statutes.*
