ABOUT THE COMPETITION

The 4th Nationwide Moot Court Competition, 2026 is proudly being organized to provide a platform for law students across the country to sharpen their analytical and argumentative skills which focus on understanding, historical research, analytical ability, logical thinking, presentation and judgment.

To develop confidence in dealing effectively with the wide array of difficult situations faced during the courtroom process. To enhance teamwork and leadership qualities among the law students. Mooting is one of the most essential skills for any law professional. Moot courts or mock trials are usually based on hypothetical cases, involving emerging or unsettled areas of law. Law students, who participate in these activities, are given the opportunity to develop their research, legal writing and oral advocacy skills in a mock courtroom setting. Additionally, moot court presentation inculcates professional legal etiquettes in the students which equip them to adapt with courtroom practices.

A Moot Court Competition provides a platform to bring in different perspectives of the same case before the judges and audience.
